

NEC RSenCounter® 5000

The Powerfully Simple QS Solution

- RSenCounter® 5000 Quick Service POS Station
- Kitchen Video System
- RSConnect® Management and Reporting Suite

RSenCounter 5000 and RSConnect Suite

A powerful, reliable, and cost-effective POS solution

RSenCounter 5000 and *RSConnect Suite* provide a powerful POS solution that is simple to install, easy to operate, and trouble-free to maintain. The *RSenCounter 5000* is an industry-hardened POS station that runs directly from flash disk and features battery backed-up S-RAM and a built-in mini UPS. Built around the simplicity of Microsoft Windows XP® Embedded, *RSenCounter 5000* lets you leave the IT headaches behind. Coupled with the *RSConnect Management and Reporting Suite*, the POS solution from NEC gives you the time you need to serve your customers and grow your business.

RSenCounter 5000 for Quick Service
